Our Capabilities

Executive Search

Founded in 1979, we are one of the longest established Australian executive search firms. Even though we are, above all else, an Australian based firm, we have an established track record in attracting and then securing, overseas candidates.

We have considerable expertise in senior executive appointments across a broad range of public and private sector organisations. Our firm has been built on a substantial body of work undertaken for publicly listed companies, private companies, professional services, state owned corporations, government agencies, departments and advisory boards.

Interim Executive

We provide immediate and high-level specialist executives with the experience to bring stability to and provide guardianship for a company during a period of change, executive absence or performance turnaround. We also assist with providing executives who deliver on projects, programs or specialist reviews. When clients are ready to appoint an executive, we normally complete the assignment within two weeks. Our latest survey shows that those executives remain in place for an average of 9 months.

Board Appointments

We believe that strong boards make for better organisations and improved business performance. In conducting searches we do not simply look for 'a name' but rather search for candidates with the relevant skills to add real value to a board. We often start our board search by working with the client to produce a Board Skills Matrix, which then informs the specific brief.

Our track record ensures familiarity with the specific, and often sensitive, challenges involved in appointing Non-Executive Directors and Chairs with the right skill, personal and cultural fit.

Thought Leadership

As thought leaders, we undertake various pieces of research and market analysis to form our Agile Leadership Lessons Podcast, Annual Interim Executive Survey and Board Diversity Index. To view our current reports please click here.

Candidate Care

At Watermark, we recognise we have a duty of care to both our clients and the candidates. As an ambassador for Primary Care Business Council, we recognise how important our role is in representing your brand, we take this responsibility seriously and treat successful and unsuccessful applicants with the same level of respect:

- All candidates filtered out before an initial interview are advised in writing.
- Candidates sourced by Watermark are called and given feedback on their performance throughout the selection process; this includes feedback about their experience, knowledge, capabilities and fit for the organisation as well as feedback about their interviewing and presentation techniques.
- Candidates who proceed
 to client interviews are debriefed and receive feedback
 either face-to-face or over the phone; this includes
 feedback as outlined above, plus specific feedback from
 any notes taken during the interview. We also provide
 feedback on areas for development such as interview
 skills, professional development and career guidance.

We respect our candidates as individuals and value them as an integral asset to our business.
