

WATERMARK SEARCH INTERNATIONAL CANDIDATE BRIEF

**General Manager, Hammond Centre
HammondCare**
February 2025

Presented by Watermark Search International.
Trusted for over 40 years, focused on the future.

Job Title	General Manager, Hammond Centre
Location	Flexible
Reports To	Chief Executive Officer
Direct Reports	TBC (5-6)

About the Organisation

At the heart of HammondCare is our passion to improve quality of life for people in need. We are motivated by Christian values which compel us to care for all older people, regardless of their circumstances. Our mission is the driving force behind everything we do, bringing purpose to our work and joy to our hearts. It's why 93 per cent of our team not only believes in our mission but also loves the work they do every day.

Our ambition is to lead in complex care nationally, specialising in dementia and palliative care. We provide direct care in all aged care contexts including residential care, home care and sub-acute hospitals. HammondCare is recognised globally for our expertise in the care of those living with dementia. We support Australians living with dementia and their changing behaviours through specialist programs on behalf of the Federal Government.

Our residential care homes feature the small household model—a research-backed approach we pioneered over 30 years ago. This innovative model is now recognised and recommended by the Australian Government in their National Aged Care Design Principles and Guidelines.

HammondCare's Mission

Our Mission

Our passion is improving quality of life for people in need.

Our Motivation

The work of HammondCare is motivated by the Christian principles and values expressed in the words and actions of Jesus Christ. HammondCare believes in the value of all people as made in the image of God and as loved by God. We are called to show the same love, with compassion and respect, for people in need

Our Mission in Action

We serve people with complex health or aged care needs, regardless of their circumstances.

How We Serve Others

Listening and relating

- We listen to people and seek to understand their needs.

Enabling choice

- With creativity and wisdom, we enable people to choose and to engage in life through activities they enjoy, find satisfying and from which they derive dignity and self-respect.

Tailoring care

- We believe that providing excellent and responsive clinical care flows from knowing and understanding the person.

Belonging

- We believe that feeling safe is crucial for people's well-being. We recognise the value of feeling in control and 'at home'.

Partnering with family and friends

- We actively encourage family and friends to be our partners in care.

Engaging with community

- We encourage people to be involved in their community and we will connect with the communities in which we serve.

Equity and access

- We seek to serve the disadvantaged and care for those others can't or won't.

Nurturing the whole person

- Our Christian motivation means that we nurture the spiritual well-being of people, as well as meeting their physical and emotional needs.

How We Work Together

Serving with passion

- We look for team members and volunteers who enjoy serving others and demonstrate this in their behaviour and attitude.

Learning and developing

- We build the knowledge and skills necessary to do our jobs well and develop satisfying careers. We all use what we learn.

Being creative and innovative

- We seek to research, develop and improve care and services. We encourage creativity and innovation.

Communicating well

- We communicate honestly, openly and in a timely manner.

Respecting confidentiality

- We protect the privacy and confidentiality of those we serve and with whom we work.

Being wise with resources

- We will manage resources effectively and sustainably.

Managing risks for better care

- We manage risks in an intelligent and measured way rather than seeking to eliminate them.

Valuing teamwork and sharing responsibility

- We respect and value each other, our different roles, and the diversity of team members. Each of us shares responsibility for our services as we work together to reach common goals.

HammondCare's Next Chapter

OUR AMBITION

To lead in complex care nationally, specialising in dementia and palliative care

WHAT WILL BE DIFFERENT

INTEGRATION

Truly integrated care for older people

INNOVATION

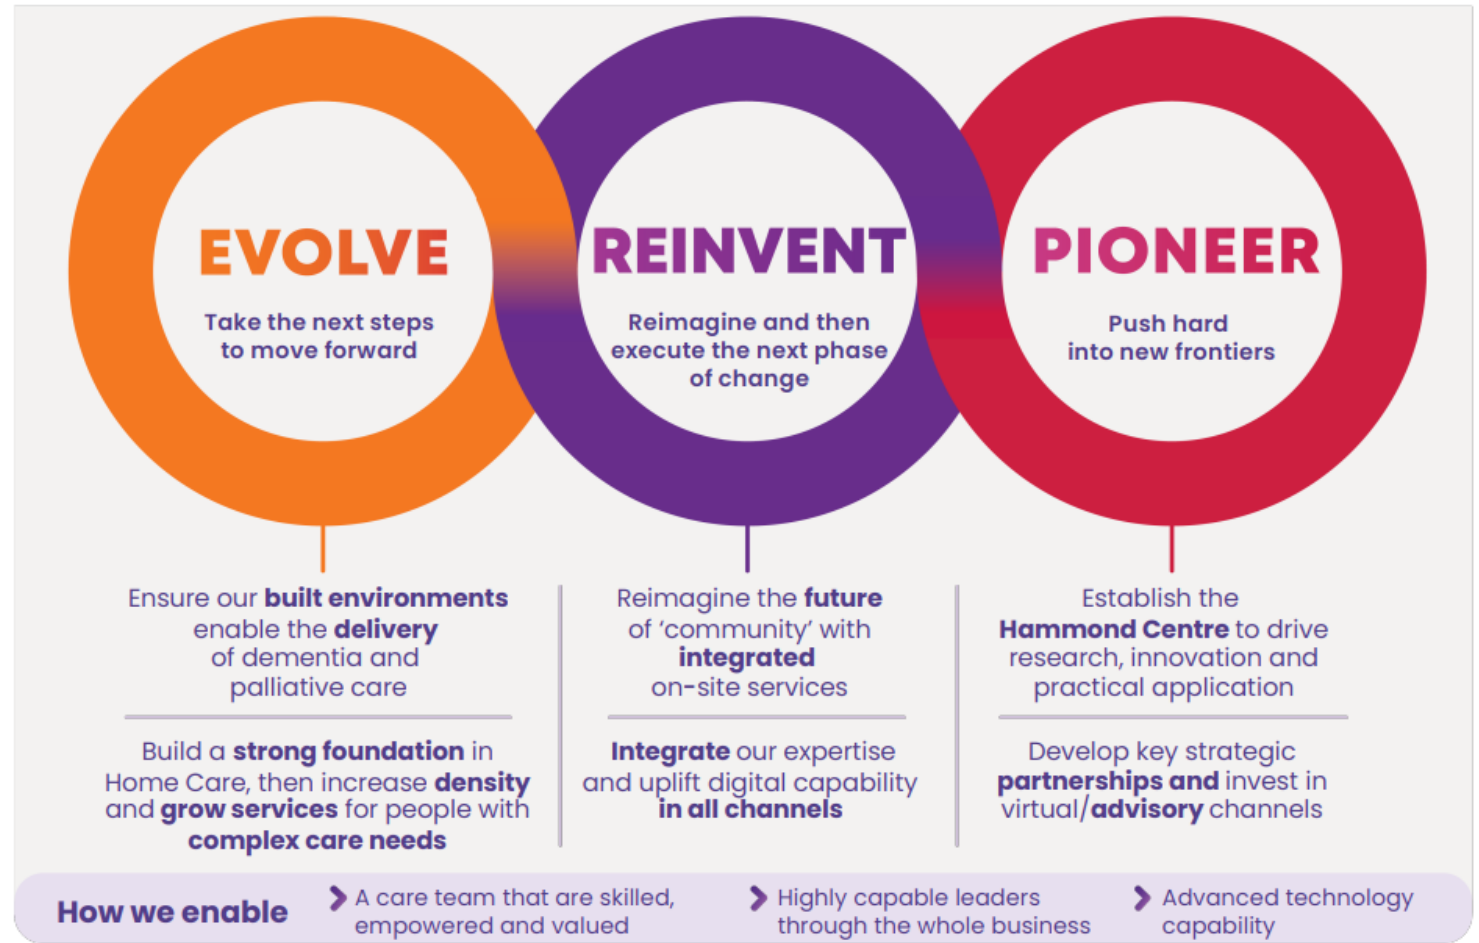

Rapid testing of ideas, accelerating improved ways to care

INTERSTATE

A serious national presence beyond NSW

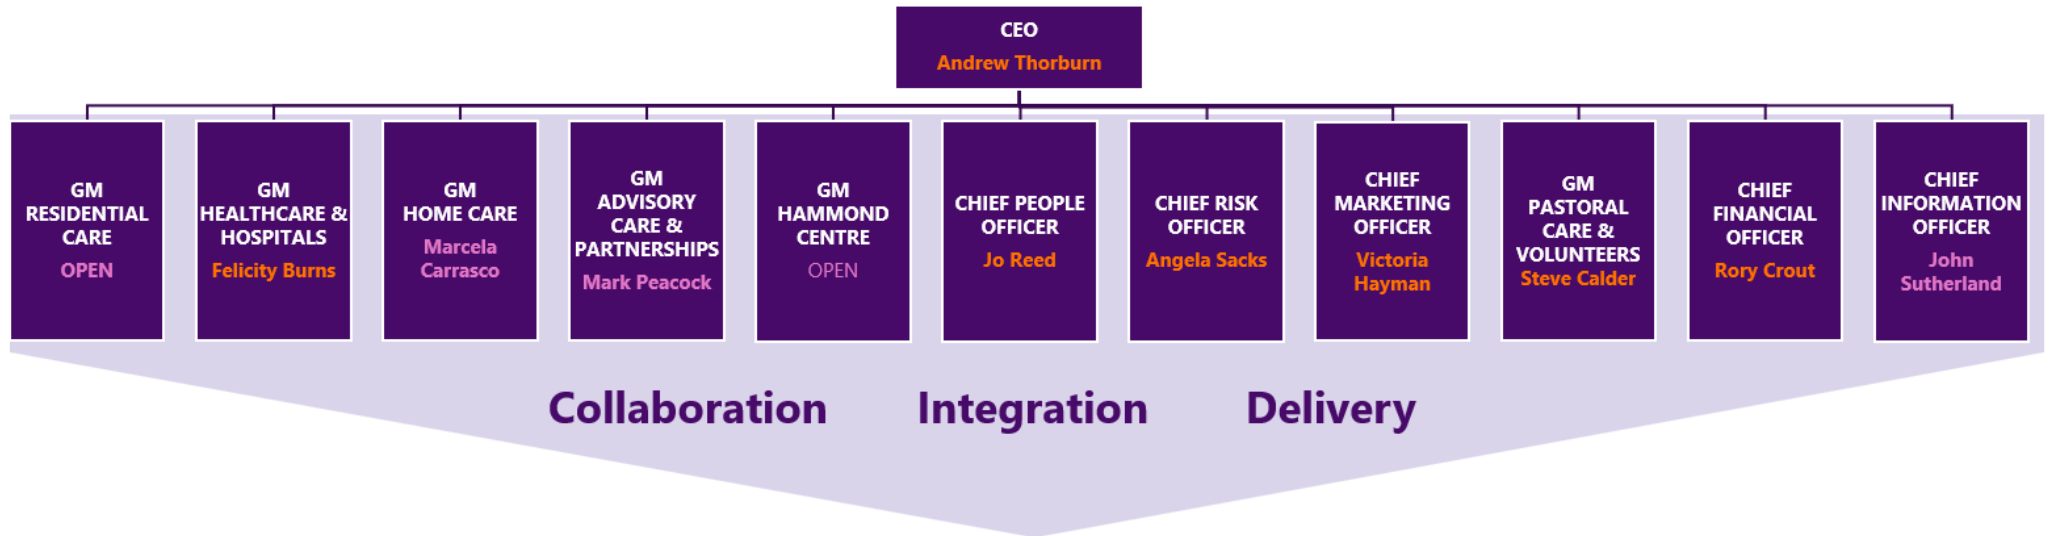

INDEPENDENT • CHRISTIAN • CHARITY

How we measure > Quality of care > Quality of life > Team engagement > Financial performance > National reach

Inspired by the words of Jesus in Matthew 25:35-40, "I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in, I needed clothes and you clothed me, I was sick and you looked after me...Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me."

HammondCare Leadership Team

**Effective 2 December 2024*

About the Role

Essence of the role:

The GM, HammondCare is accountable for the establishment and effective management of a Centre of Excellence (CoE) to allow HammondCare to validate, evolve and innovate to meet the needs of the people we support, and through this benefit the broader care economy, policy, and practice. The Hammond Centre is tasked with the responsibility of identifying, retaining, pursuing and most importantly, translating knowledge into practice. The GM, Hammond centre plays a vital role in delivering on the Integration objective of Next Chapter strategy. This role will drive new ways of working across the organisation and ensure that the collective expertise and intellectual property is democratised for all HammondCare employees for the benefit of those we care for. This will be significantly enabled by deploying appropriate and proven technologies to support the access of information to all our people. This role will also lead HammondCare's voice and advocacy efforts across the sector, again for the betterment of care outcomes for older Australians. The HammondCare Foundation is also a key accountability. The HammondCare Foundation exists to fund opportunities that improve the quality of life for those we care for, that wouldn't otherwise be available. Under Next Chapter Strategy, the Foundation will be a key enabler of HammondCare's strategic priorities, with a focus on funding innovation and new ways of caring.

Key Focus Areas:

- Innovation
- Policy & advocacy
- Research
- Clinical trials
- Professional services
- Education
- The HammondCare Foundation

Key Responsibilities

Initially involving only a small team, including a living experience steerco, the Hammond Centre will:

- Identify and consolidate expertise across the organisation
- Identify best-practice methods and models
- Support evaluations and analyses of models of care – ensuring current or untested care models or modifications are successful and if not, refined
- In areas where best practice is unknown or contested (i.e., areas of innovation), establish a process of ideation capture, experimentation, implementation, and evaluation
- Lead HammondCare's Research Governance Office, ensuring that research priorities align to Next Chapter Strategy and informed by the needs of the business
- Apply knowledge and expertise in support of tenders, grants and other funds
- Provide a mechanism for HammondCare to have a single voice (external thought leadership and advocacy)
- Pursue partnerships and collaborations to bolster expertise, in partnership with GM, Advisory Care & Partnerships
- Oversee the HammondCare Foundation to focus on funding innovation and new ways of caring
- Provide a voice to the HLT on what capabilities are required organisationally to better embrace change and innovation operationally
- Work in partnership with the leaders of the Operational lines to ensure strong alignment between innovation and day-to-day care operations across HammondCare

Education, Experience and Skills

Essential/Mandatory:

- Commitment to engage and align with HammondCare's Christian Mission, Motivation and Mission in Action
- Expertise in HammondCare's specialisations of either dementia or palliative care
- Proven track record in leading innovation, advocacy and thought leadership
- Demonstrated experience in establishing methods to rapidly identify, test and learn and apply practical learnings
- Strong stakeholder management and influencing skills; including the ability to engage subject matter experts outside of direct reporting lines
- Seasoned change practitioner
- Experience in identifying and managing external partnership relationships

Desirable:

- Experience leading innovative technology-related programs
- Research experience
- Strong sector relationships
- Philanthropy experience

Health, Safety and Wellbeing

- Participate and work in a manner that considers the optimal health, safety and wellbeing of yourself and others
- Attend training and information sessions to build skills and knowledge to work safely
- Follow and uphold HammondCare’s policies, procedures, guides and safe work practices
- Promptly report and respond to hazards, incidents or injuries within the workplace
- Proactively manage and influence any instances where the implementation of policies, procedures or guides make carrying out a task unsafe

General Manager, Hammond Centre

- Newly created opportunity to establish, manage and grow a Centre of Excellence around complex care needs in dementia and palliative care which will be sought after nationally and internationally for decades to come;
- Broad role scope encompassing innovation, research, clinical trials, policy, advocacy, philanthropy, and education;
- This role will support evaluations and analyses of models of care, particularly in areas where best practice is unknown or contested;
- Direct report to the Chief Executive and working in a highly energised executive leadership team, aligned to the mission and vision of the organisation around compassionate, high quality care.

At the heart of HammondCare is our passion to improve quality of life for people in need. We are motivated by Christian values which compel us to care for all older people, regardless of their circumstances. Our mission is the driving force behind everything we do, bringing purpose to our work and joy to our hearts. It's why 93 per cent of our team not only believes in our mission but also loves the work they do every day.

We specialise in aged and dementia care, palliative care, rehabilitation, mental health services for older people, and other related health and aged care services. HammondCare seeks to embed evidence-based best practice in its services and we provide these services through home care, sub-acute hospitals and residential aged care.

Bringing these health, hospital and aged care services together, HammondCare has been able to develop innovative, flexible care models designed to serve people with complex health or aged care needs, regardless of their circumstances.

About the Role

Reporting to the Chief Executive, this newly created role will establish and manage the Hammond Centre, a Centre of Excellence to allow HammondCare to validate, evolve, innovate and meet the needs of the people we support; and in doing so benefit the broader care economy, policy and practice. The Hammond Centre will consider models of care, particularly where best practice is unknown or contested. The Hammond Centre will establish a process of ideation capture, experimentation, implementation and evaluation. The expertise will be consolidated across the organisation and the General Manager Hammond Centre will lead HammondCare's voice and advocacy across the sector. This role plays a vital role in delivering on the Integration objective of HammondCare's renewed Next Chapter strategy.

The role will also include HammondCare's philanthropic arm, the HammondCare Foundation. The Foundation exists to fund opportunities that improve the quality of life for people where support might not be available. This will include building advocacy, sharing stories about people and progress, and pitching to potential donors.

Key Focus Areas include Innovation, Policy and Advocacy, Research, Clinical Trials, Professional Services, Education, and The HammondCare Foundation.

Location Flexible. HammondCare has operations in NSW, VIC, SA, QLD and ACT. A significant part of the role will be spent at St Leonards, at least initially.

The Candidate

We are seeking a leader with alignment to the vision and mission of HammondCare and excited about the future of the Hammond Centre. You will possess expertise in either dementia or palliative care, a proven track record in leading innovation, advocacy and thought leadership, and bring experience in establishing methods to rapidly identify, test and learn and apply practical learnings. You will be able to have the gravitas and credibility to engage with other subject matter experts and have strong influencing, stakeholder engagement and change management capability. We are also seeking someone with a passion for innovation and technology and can see how technology will transform and aid aged care and healthcare delivery.

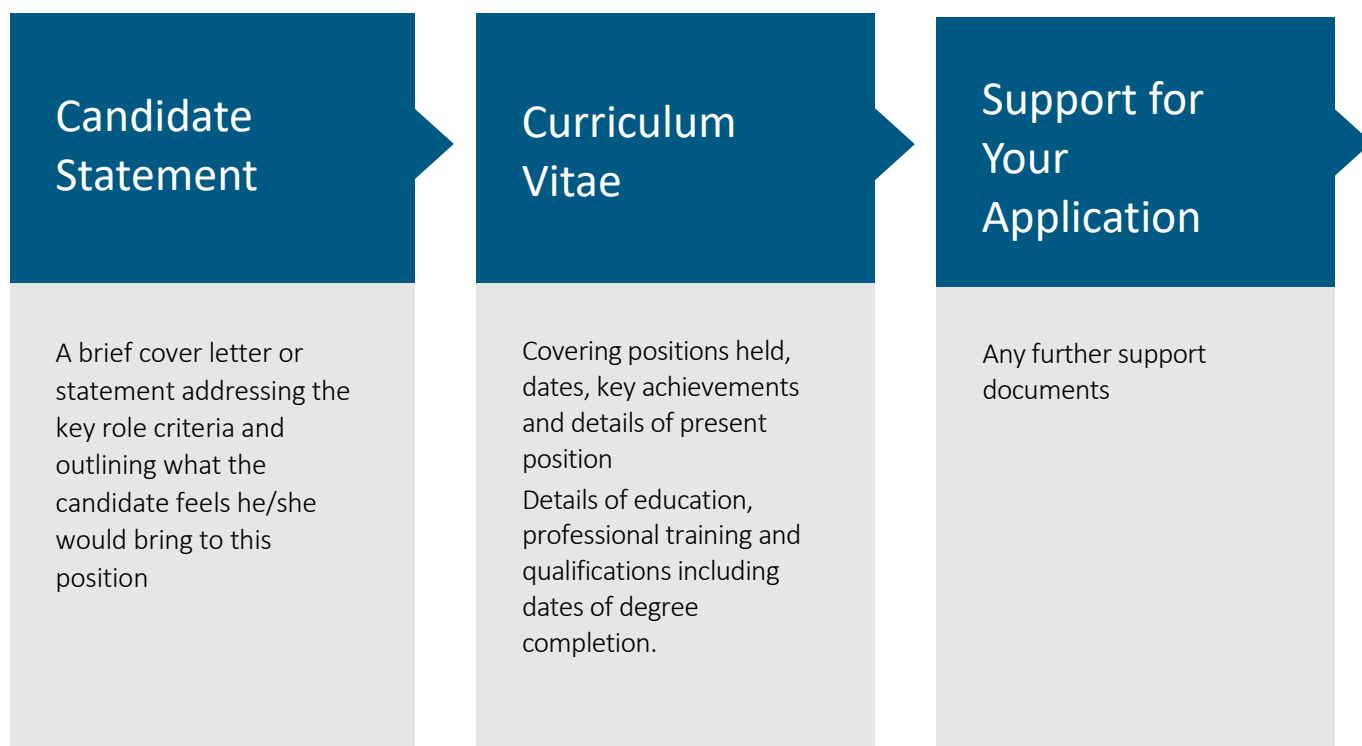

You will understand the competitive environment in which Hammond Care operates in as well as bring some commercial experience. This might be gained from private enterprise, a start up, or by serving on a Board.

This is a key role in the leadership team and culture fit is key. HammondCare's executive leaders are passionate about the mission and values in caring for people and being of service. The executive team leaders have a mix of strong clinical and NFP experience, as well as blue-chip commercial settings.

Our Capabilities

Executive Search

Founded in 1979, we are one of the longest established Australian executive search firms. Even though we are, above all else, an Australian based firm, we have an established track record in attracting and then securing, overseas candidates.

We have considerable expertise in senior executive appointments across a broad range of public and private sector organisations. Our firm has been built on a substantial body of work undertaken for publicly listed companies, private companies, professional services, state owned corporations, government agencies, departments and advisory boards.

Interim Executive

We provide immediate and high-level specialist executives with the experience to bring stability to and provide guardianship for a company during a period of change, executive absence or performance turnaround. We also assist with providing executives who deliver on projects, programs or specialist reviews. When clients are ready to appoint an executive, we normally complete the assignment within two weeks. Our latest survey shows that those executives remain in place for an average of 9 months.

Board Appointments

We believe that strong boards make for better organisations and improved business performance. In conducting searches we do not simply look for 'a name' but rather search for candidates with the relevant skills to add real value to a board. We often start our board search by working with the client to produce a Board Skills Matrix, which then informs the specific brief.

Our track record ensures familiarity with the specific, and often sensitive, challenges involved in appointing Non-Executive Directors and Chairs with the right skill, personal and cultural fit.

Thought Leadership

As thought leaders, we undertake various pieces of research and market analysis to form our Agile Leadership Lessons Podcast, Annual Interim Executive Survey and Board Diversity Index. To view our current reports please [click here](#).

Candidate Care

At Watermark, we recognise we have a duty of care to both our clients and the candidates. As an ambassador for HammondCare, we recognise how important our role is in representing your brand, we take this responsibility seriously and treat successful and unsuccessful applicants with the same level of respect:

- All candidates filtered out before an initial interview are advised in writing.
- Candidates sourced by Watermark are called and given feedback on their performance throughout the selection process; this includes feedback about their experience, knowledge, capabilities and fit for the organisation as well as feedback about their interviewing and presentation techniques.
- Candidates who proceed to client interviews are debriefed and receive feedback either face-to-face or over the phone; this includes feedback as outlined above, plus specific feedback from any notes taken during the interview. We also provide feedback on areas for development such as interview skills, professional development and career guidance.

Candidate Charter

We respect our candidates as individuals and value them as an integral asset to our business. Our focus is on understanding their talents and aspirations and matching them to the right role and organisation. Whether we approach you about a specific role or you contact us to explore opportunities, we want you to experience our commitment to providing a seamlessly professional, constructive, integrity driven service where we care about our engagement with you.
